

Progress Reports are graded on the (i) write-up of what has been accomplished and (ii) the amount of said progress on the overall project.

1. Group Number and Title:
2. Date:
3. Highlight the HCD spaces and processes you engaged in during the past week:

<b>Understand</b>	<b>Synthesize</b>	<b>Ideate</b>	<b>Prototype</b>	<b>Implement</b>
Explore	Debrief	Brainstorm	Create	Support
Observe	Organize	Propose	Engage	Sustain
Empathize	Define	Plan	Evaluate	Evolve
Reflect	Interpret	Narrow Concepts	Iterate	Execute

4. Provide a brief list of activities that were done and their corresponding HDC space(s) and process(es) (add rows if necessary):

Activity Title	Activity Description	HCD space(s)	HCD process(es)
<i>Example: 3D-printed piece</i>	<i>Example: 3D-printed first component for prototype to test initial design idea and demonstrate idea to stakeholders.</i>	<i>Prototype</i>	<i>Create, engage, evaluate</i>

5. Expand on any of the above activities, include data/charts if applicable, on setbacks and successes.
6. What challenges are still outstanding? (2-5 bullet points)
7. Describe how you developed curiosity this week. What habits did your team exhibit?

8. Describe how you made connections (either people or topics/ideas) this week. What habits did your team exhibit?
  
  
  
  
  
  
  
  
  
  
9. Describe how you created value this week. What habits did your team exhibit?
  
  
  
  
  
  
  
  
  
  
10. What feedback did you obtain from the instructor or TA last week that you addressed in your work this week?
